Six Men Escape Jail

Six men confined in the Stanton Jail made their escape Thursday night. The bars to one of the windows were unlocked and some bricks picked out of the wall. Henry Meadows sentenced to the penitentiary was one to escape but returned. The delivery was made at one o'clock in the night and Meadows returned two hours later. Thirteen of the prisoners remained in the jail, preferring to serve out their time.

The jail was just recently repaired at an expense of \$4,000 to the county and was supposed to be perfectly safe. How and when the prisoners got a key has not been learned.

Shale Stockholder Here

Mr. and Mrs. H. Espy, of Cincinnati, Ohio, were here Monday and Tuesday. Mr. Espy is one of the stockholders in the Devon Shale Oil Company and was here to view the company's holdings. He made a chemical test of the shale on the ground and found it to be rich. The editor saw a sample of the oil produced in this test. Mr. Espy is something of an electrician as well as printer. He said the building of a shale plant here would begin shortly and pushed to completion. He confidently expects the plant to be in operation before far into the summer months.

Lot Sale Called Off

The Town Lot Sale of the John Scott tract in the western portion of town Saturday was called off after two lots had been run up to \$35.00 each and knocked off to John Neal.

Those in charge of the sale thought these lots should bring more money and decided to withhold them from the market unless they did bring a fair price.

Back on the Job

Dock DeHart has returned to Stanton where he has resumed his work as watch and gun repairer. He invites his old friends and patrons to come again and get their work done as formerly. Satisfaction always guaranteed.

R. H. Pitts is moving his stock of groceries and etc to Virden where he now conducts another store, and combine the two. Mr. Pitts has purchased the ice truck of Hugh L. Bush and will start delivering ice to Clay City patrons soon as the season opens.

Church Property Sold

John Eaton in Oregon

John C. Eaton, who left Clay City last May, got to Alaska, is now located in Oregon according to a recent letter received by his parents, Mr. and Mrs. J. B. Eaton.

Gov. Morrow Acts Wisely

Governor Morrow has wisely vetoed a number of measures carrying large appropriations passed by the recent session of the Legislature because the revenue now collected was not sufficient to meet these expenses. It gives The Times great pleasure to find an opportunity to commend one ordinarily opposite its views. Particularly will the public be pleased to know that the University of Kentucky loses \$290,000 by his veto. Were this school not so tainted with evolutionary teachings, as to the origin of man, it would be regrettable, but as it is, it is better to suppress the school than to forward the Darwin theory.

Suicide at Winchester

Mrs. Charlie Johnson, aged 38, committed suicide at Winchester Sunday night by drinking carbolic acid. She had been in poor health for some time, and was thought to be mentally unbalanced. The remains were brought Tuesday to Stanton and buried. Mrs. Johnson was a daughter of Mrs. Sarah Jackson, of Stanton. C. C. Jackson, of Stanton is a brother, and Mrs. Henry Faulkner is a sister. Mr. Jackson and Mrs. Faulkner went Monday to Winchester upon learning of their sister's rash act.

Dr. Blair Ill

Dr. Fred Blair, of Morehead, brother to Mrs. A. T. Whitt, is confined in a Louisville hospital with rheumatism and heart trouble from which he has been a sufferer since his services with the A. E. F. in France. Dr. Blair is well known in Clay City where he has many friends who are very anxious as to his condition. While better now, he will have to remain at the hospital for thirty days yet.

Sells Town Property

C. B. Begley sold this week to O. C. Stewart, of Estill county, house and three lots in the western portion of town for \$600.00. Mr. Stewart will get immediate possession of the property and move in.

Circuit Court Busy

Circuit Court is still busy at Stanton trying the boys for various violations. The Grand Jury finished its investigations yesterday and adjourned. Quite a number of indictments were made, mostly whiskey cases.

School Closes

The Clay City Graded School closed Friday with the exception of the High school department which is continuing, and the teachers have gone to their respective homes.

Card of Thanks

We wish to thank the relatives and friends who so kindly ministered in the sickness and death of our husband and father.

Mrs. J. M. Welch and family.

MOSES MORTON, Powell County Confederate Veteran Passes to Rest.

On March the 18th, 1922, the Grand Ruler of the Universe saw fit to call from labor here to joyous refreshments to that home above from whence bourn no traveler returns, Moses Morton, one of Powell County's Confederate Veterans. He had been ill only a few days. We miss his smiling face, but our loss is his gain. We extend to his family and relatives our deepest heart-felt sympathy.

Why do the lillies droop and die,
Why need of that cruel scythe,
Why, dear Lord, take from us
The one loved far and wide?
Why doth the weel continue,
Why do the thistles grow,
Then take from us, Grand Architect,
The one beloved so?

Why let the shadows fall so deep
When life seems at its best,
Why let the waves roll up and on
When thou canst give them rest?
Why take the sunshine from our view,
They were smiles from out his eye,
That wiped away our teardrops
And held back deepest sigh?

It seems a voice from yonder
Now whispers glad refrain:
'Tis, Brother cease thy fretting,
To die is but to gain,
Midst light of the cross he stands,
In God's happy eternal home
And the crown of victory wearing
Placed there by angel's hands alone.

But not from view, the footprints
He left long time's swift way,
And grant us strength to follow them
In our labor every day.
Engrave, oh Lord upon our hearts
His love most true and deep,
That when old time shall call on us
We can lie in peaceful sleep.

—Contributed to the family, relatives and friends of the deceased by H. S. Martin, Genet, Ky., Powell county world war veteran.

Whitt Sells Property

A. T. Whitt sold his beautiful home and thirty or more acres of land to Mrs. Lillie Wells for \$9,250. This is decidedly the best piece of residence property in Clay City, and has sold for a very reasonable price. This sale also included some personal effects.

Revival to Begin

A revival will begin at the New Union Church this city tonight. The Revs. S. V. Larison, of Winchester, and J. A. May, of Middletown, Mo., will conduct the meeting. Electric lights are being run into the house, and the building is being otherwise prepared for the services.

April Fool

Saturday is the day. Don't forget it. Pocketbooks found on the street and public places are very tempting to grab at. Of course you will bite, we all do. Get even with the fellow this year that caught you last April.

Fruits of Spring

That spring is here is evidenced by growing grass, peach bloom, early greens, forward gardens, and the man with a pole and line en-route to the river on sun shine days. Spring fever is also prevalent when it is not raining as it has done many days of March, which closes tomorrow.

Jones-Clinkinbeard

Surprise friends with marriage congratulations withheld the past few days due to the secrecy that surrounded the marriage of Miss Pearl Jones and Louis Clinkinbeard Jr., are just going forward to the young couple. The parsonage of the Emanuel M. E. Church, of Covington, Ky., was used for the ceremony last Saturday, March the 11th, with no attendants witnessing the happy event.

The bride and groom succeeded in leaving the city quietly without arousing any suspicion in the minds of their friends. Both families, Mr. and Mrs. A. Jones, of Middletown, Ohio, parents of the bride, and Mr. and Mrs. L. C. Clinkinbeard, of Covington, Ky., parents of the groom, were apprized of their intended marriage.

The bride was charmingly attired in spring coat of navy blue, with gray hat and shoes, and all contrasting colors, and carried a large bouquet of white and pink carnations.

Mr. and Mrs. Clinkinbeard have returned to Middletown and are occupying an apartment on Young street.

Miss Jones will be remembered as the beautiful and accomplished daughter of Mr. and Mrs. A. Jones formerly of Stanton, now of Middletown, Ohio.

Mr. Clinkinbeard is a promising young man of splendid ability and has a permanent position with the American Rolling Mill.

Owing to the popularity of the young couple, several social functions have been given in their honor. One among the many was a miscellaneous shower which was very successful given by the bride's mother and sister, Mrs. Wm. Igo, at her home on Crawford street.—Contributed.

Born, Tuesday morning, March 28th to Mr. and Mrs. N. V. Rose, of Winchester, a son.

Absolutely merit and merit alone is responsible for Tanlac's phenomenal and unprecedented success. C. Shinfessel.

Dr. G. W. Brashear, veterinarian of Winchester, was in Clay City and Stanton Monday.

Keep the Children Well

Don't neglect a child's cold. You can relieve feverish colds, coughs, "snuffles" and tight wheezy breathing with Foley's Honey and tar. It checks croup, too. John S. Hunnicutt, East Orange, N. J., writes: "I find Foley's Honey and Tar very good for children." Contains no opiates. Sherman Robbins & Son, local dealers.

Kentucky Crop Report

The March crop report issued by the U. S. Bureau of Markets and Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna shows that the average values of improved farm lands in Kentucky have fallen to about two thirds what they were March 1, 1920, and that on March 1, 1922, Kentucky farms held about 83 per cent. of their previous 5-year average amount of corn, 78 per cent. of their 5-year average amount of wheat, and 72 per cent. of their 5-year average amount of oats. The carry-over of corn and oats March 1, 1921, from the 1920 crop was large, but these crops in Kentucky in 1921 were much smaller than the 1920 crops.

Average land values, according to reports from farmers and others throughout Kentucky, have fallen from \$85.00 per acre average for improved farms March 1, 1920, to \$57.00 average March 1, 1922, and from \$62.00 average for unimproved farm lands March 1, 1920, to \$42.00 average March 1, 1922. The average value per acre reported this spring for poor plow land is \$28.00 compared to \$42.00 two years ago; good plow land \$67.00 compared to \$95.00 two years ago; and the average of all grades of plow land \$47.00 compared to \$70.00 March 1, 1920. As there have been comparatively few sales during the last several months these estimated values are based partly on previous sales and on prices at which farmers now are holding, as well as on recent sales, this years valuation being, therefore, largely estimates.

Value per acre of Kentucky farm lands. With improvements, 1922, \$57.00; 1921, \$65.00; 1920, \$85.00; 1919, \$81.00. Without improvements, 1922, \$42.00; 1921, \$46.00; 1920, \$62.00; 1919, \$60.00.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 621 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and the feeling would be before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

ROSSLYN.

Garret and Carl Townsend visited York and Bryan Martin Sunday.

The flu patients in our vicinity we are glad to say are all getting better.

Virgil Martin, one of our nicest young men, made his usual call near Bowen Sunday.

Mrs. Gladys Campbell was Sunday guest of Mrs. Mariah Rose at the home of her brother, Mr. Bun Conlee.

Misses Gladys Lowe, Hoyt Tip-ton and Daisy Lowe Messrs Howard Johnson Oscar Means were among those that went from here to Chop Chestnut to church Sunday.

Misses Nell Hardwick, Myrtle Neal and Vina Benningfield Messrs. Virgil Rogers, Paul Faught and Matt Benningfield were visiting at the home of Misses Grace and Ann Conlee Sunday night.

Mr. and Mrs. Robt. Ewen and son, Eben, Misses Mary Douglas and Irene Cunningham Mr. and Mrs. Durrett Ewen and daughter, Miss Lillian, of Stanton, were visiting different places here Saturday and Sunday and attended church.

The many friends of Mr. J. M. Welch were bitterly grieved to learn of his death. We realize in the death of Mr. Welch our vicinity didn't only lose an honest and upright citizen but our church has lost one of its most highly respected members. His family have the heartfelt sympathy of many friends.

Yes, another little mound is added to the family cemetery. The stem is broken and another flower is withering back to mother dust and the bud has gone above to add another star to the grand universe, and the dear little life of Mary Roxie Benningfield has passed to a better world, and we know the family has the sympathy of our vicinity. She has gone to that great world above to shine and give light to guide our wayward steps in this dark world of sorrow and trouble. She had flu, double pneumonia and heart trouble. She sang a song the night before she died and now she is singing those crystal hymns with angels around the great white throne. Sweetest thoughts shall ever linger around the grave where she is laid. She is sadly missed by all that knew her.

That Man Was Helped

Jhon Grab, 2539 Jackson Ave., New Orleans, La., writes: "My kidneys were weak and had a soreness and dullpain across my back. I felt dull and languid and my kidneys didn't act right. I began to take Foley Kidney Pills and soon relieved all that trouble and put my kidneys in a healthy condition." Sherman Robbins & Son, local dealers.

Sheep Kill Onions

A dozen times a month the County Agent is asked how to control wild onions. He is able to suggest some bulletins which give several methods which are more or less effective and more or less expensive. The following plan of eradication was written by Mr. J. E. Maxwell, of Henry county, Tennessee, for the Southern Agriculturist. It is certainly worth a trial.

A correspondent complains that he has been twenty years among the wild onions, another asks if there is anything to take the onion taste from milk. I have a suggestion to make to both.

Seven years ago I bought a farm of 130 acres. All the culti-

Gude's Pepto-Mangan is the Best Tonic for Nervous, Tired-Out Wives

Is your wife "all tired out" and cross and irritable much of the time? Do the children "bother her to death" every day, and do the ordinary household tasks that she formerly performed with ease seem now to overtax her? In other words, do you often come home to a house of trouble instead of a house of joy and happiness?

If your answer is "yes" to these pointed questions, don't blame your wife until she has taken Gude's Pepto-Mangan with her meals for a few weeks. She is simply run-down and nervous and needs the kind of iron that she will get in Gude's Pepto-Mangan to give her more vitality and strength. For thirty years doctors have recommended Gude's Pepto-Mangan as a first-class building-up tonic. Sold by your druggist in both liquid and tablet form. Advertisement.

vated land was a "wild onion patch." The people that I purchased the farm from were never able to use the milk if they allowed their cattle to run in the fall pasture. At the time I bought it and moved on it I bought eight sheep and turned them in the field. I have never known there was an onion on the place since, so far as milk is concerned. You can see an onion now and then if you will put your glasses on, get on your knees and examine closely, but you will find them cut so close to the ground that the cow cannot find them.

I keep from eight to twelve Southdown sheep. They are absolutely inexpensive, return me a nice little profit, and control the wild onions.

er, one sister, several brothers, a host of friends and relatives. She was a good christian woman and leaves behind a record that her family can be united in a home where death never comes by following her footsteps.

Many hearts were saddened here last Monday when news was received that the soul of J. M. Welch, of Rosslyn, had taken its flight back to God who gave it. Mr. Welch was one among the most highly respected and honored christian citizens of Powell county, and will be greatly missed all over the county. He had held public office and was well known. Our entire community join in extending to the bereaved family our sincere sympathy in the loss of such a husband and father, and point them to God for help and comfort.

Hollars also expects to organize a good school at Nada.

Maybe it Isn't Spring Fever

If you feel tired, languid, "upset," morbid, lene—if you have a sick headache—don't say "spring fever" and let it go at that. Take a Foley Cathartic Tablet tonight and you will feel better in the morning. If your condition is the result of disordered digestion, there is nothing better. How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3½ "	22.50	11.65	48%
30 x 3½ Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4½ "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization.

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—
